Dear Mr. Freund:

In response to your public records request dated October 1, 2019, enclosed is an Excel spreadsheet of fall 2019 students that includes names and phone numbers. As mentioned previously, email addresses are not directory information per University rule.

Note that students who have opted out of directory information will not be provided to you.

I trust this satisfies your request.

Sincerely,

Scott M. Campbell
Associate General Counsel and
Records Compliance Officer
